

Show Standards for the African Love Bird

1. Beak should be neat and well tucked in; head full and round; eyes centered, clear and bright.
2. Neck should be full and wide.
3. Shoulders should have no appearance of the neckline.
4. Breast should be deep, broad, and well rounded, tapering gradually to the tail.
5. Back line should not be slack or hollow; almost straight.
6. Wings should be held neatly in line with the body; flights must not droop or cross.
7. Tail should be held neatly in line with body.
8. Legs and feet should be straight and strong, firmly gripping the perch.
